Rule Changes Proposals

1. To be added as part of League Club Tournament Rule 2(b):

A player who has been assigned an estimated (local) rating may have their local rating reassessed by the Rating Officer / League Controller and amended at any point of the season where it is believed their true playing strength is a minimum of 150 points higher (or lower) than their current local rating.

Purpose: Players' local ratings should then be more reflective of their true playing strength.

2. To be added as part of League Club Tournament Rule 3(d2):

Each club can appoint a wildcard player who can play for any of the club's higher teams without impacting the number of reserve places for the higher team(s). However, Rule 3(c) must still be complied with.

Purpose: This would make it easier to fill teams and preserve the reserve player status.
